US12 WisDOT MEETING

WisDOT Chad Hines has not to date scheduled the US 12 "Utility Coordination" meeting. WisDOT has completed their environmental report and has indicated that it will be available soon.

WATER/SEWER PROJECT STATUS

A WisDOT "permit to excavate" has been prepared but will be submitted after the WisDOT "Utility Coordination" meeting. The final field work required to complete the bidding package (the North Hayden/Jackson area) will be completed after sufficient snow melt has occurred.

CDBG-PF BLOCK GRANT APPLICATION

The final application was submitted last week. Historically, the Department of Commerce will complete their review within five weeks after submittal. Although Wisconsin has a new Governor, the Department of Commerce continues to award Public Facility Block Grants. Two MSA CDBG-PF projects were funded last week.

CLEAN WATER FUND AND SAFE DRINKING WATER FUND

The WiDNR Safe Drinking Water reviewer informed MSA today that the final funding list for the 50% forgivable loan will be published this week.
