

## Items that are Recyclable

All items may be co-mingled and placed in brown grocery bags or plastic bags. Here is a list of items that are accepted for recycling. Accepted items **MUST** be rinsed clean, caps removed and collapsed to reduce volume.

- Glass - Food and beverage bottles, jars.
- Plastics - #1 through #7, check triangle label on the bottom of the container for type.
- Tin
- Metals - Rims, brake shoes, auto parts, scrap metals, etc. are accepted, if not contaminated by any residual chemicals or oil. A metals dumpster is available for larger items at the Jackson County Recycling Center.
- Aerosol and paint cans - Need to be empty and dry with lids removed.
- Newspaper and phone books - Please leave loose and untied together with string.
- Magazines and glossy paper - All magazines, stapled or glued, please leave loose and untied together with string.
- Office and computer paper - White or colored paper including copy paper, stationary, white envelopes, pastel paper and window envelopes.
- Cardboard and manila envelopes - Corrugated or ribbed cardboard **ONLY**. Boxes **MUST BE FLATTENED**. For large quantities of cardboard, please deliver to the Recycling Center. The cardboard size should be smaller than 2' x 4'.

In Wisconsin, businesses are required by law to recycle fluorescent bulbs that are utilized in their operations. This includes compact fluorescents, 4 foot or greater, circular, high intensity or shielded bulbs. The cost of recycling these types of bulbs is the responsibility of the business. Jackson County Recycling serves as a collection site for the residents and businesses of Jackson County.

### Special Items that are recyclable:

Batteries such as rechargeable batteries, alkaline, lithium and cell phones are accepted at:

Scholze's Ace Home Center  
133 County Rd A
